Monsters

4 0 1

Chapter 1 by Saul Berumen

After they burned down the house, the military sees the tragedy but it was their fault the monsters happen. The next day when the people woke up, everything is backed to normal, the power for the house is on, their phones work, their cars work, but they thought the monsters aren't finished yet. Goodman sees a military tank coming and goes to the house and apologized. He apologized to the monsters, for he almost gave them away. Luckily when the people burned down the house the monsters quickly burrowed under ground to safety. But little did Goodman know that Charlie had been watching. Charlie plotted in his head to tell the whole neighborhood later that night that good man knew what, and where the monsters were. During the latest and darkest of night Charlie called a neighborhood meeting. Everyone was there except for Les Goodman, Charlie then proclaimed "There's your proof that Les Goodman is working with the monsters. How do you even know that he's working with the monsters? Because he was sad that his house burned down, you know he wants to have revenge from us, and he showed up last night with his car running, his house power was on so he must be working with the monsters. But what if he's not?"
